

For Hospitals and Integrated Delivery Systems

Making informed business decisions quickly in today's fast-paced healthcare IT market is critical to an organization's ability to thrive and survive. HIMSS Analytics' Executive Consulting Services gives you accurate, insightful and actionable information.

- Evaluate your organization's clinical IT applications portfolio and operational capabilities relative to peer-group benchmarks with our EMR Adoption Model
- Advise your board and senior leadership team on IT trends and future market scenarios, and their potential impact on hospital organizations
- Analyze IS department costs and staffing ratios derived from benchmarking analysis of comparable peer organizations' department costs and workloads
