For over a decade HIMSS Analytics has guided healthcare organizations around the globe in electronic medical record (EMR) adoption and implementation. You could be the next to join this elite group of over 350 Stage 7 EMRAM organizations globally.

Improve care delivery through better use of technology with HIMSS Analytics assessment and strategy services.

Why EMRAM?

The Electronic Medical Record Adoption Model (EMRAM) is an eight stage (0-7) model that measures the adoption and utilization of EMR functions required to achieve a near paperless environment that harnesses technology to support optimized patient care.

- **Analyze** your current level of EMR adoption
- **Chart** your progression and accomplishments
- **Compare** your technology adoption against other healthcare providers
- **Evaluate and implement** what you need to achieve Stage 7

What About Outpatient Facilities?

The Outpatient Electronic Medical Record Adoption Model (O-EMRAM) assesses EMR adoption keeping the unique needs of outpatient facilities in mind.
Work with us and gain:

**Healthcare market recognition**
Announcement of your accomplishment at a major HIMSS event, promotion of your organization’s case study, use of the EMRAM Stage 7 logo on your website

**Comparative insights**
Understand how your organization ranks in EMR adoption compared to industry benchmarks

**Expert guidance**
Collaborate with HIMSS Analytics advisors to create a personalized strategic roadmap to achieve EMRAM Stage 7

**HIMSS Executive Institute membership**
Once you have achieved EMRAM Stage 7, come together with like-minded leaders to understand, achieve and promote optimal use and value from health IT

**Healthcare IT Advantage Dashboard access**
Gain exclusive subscription to the HIMSS Analytics LOGIC™ market intelligence tool

---

**Progress to EMRAM Stage 7 with the EMRAM Toolkit**
